## Work Experience

---

### Construction Worker

CORESLAB STRUCTURES - Indianapolis, IN

December 2023 to March 2024

Throughout my days here at coreslab I would engage in the preparation of work sites by setting up forms & ensuring proper alignment. We'd have our concrete truck come by and pour us a few yards of cement. I'd have to spread, and leveled concrete using hand tools and power equipment. I valued being eager on just assisting in the placement & finishing of concrete surfaces, including sidewalks, driveways, and foundations. My favorite part was collaborating with team members to execute concrete construction projects, ensuring timely completion. Therefore I performed tasks related to concrete reinforcement, including tying rebar, cutting rebar with a band saw, building bed forms for the concrete slabs; installing mesh; & demonstrating proficiency in the use of hand and power tools for concrete-related tasks.

Some of my Skills were

- Concrete installation and finishing
- Formwork setup and alignment
- Operating machinery (such as bobcats) (ditch witches)
- Operation of concrete-related tools and equipment
- Physical fitness and stamina
- Adherence to safety protocols

### Concrete Finisher

Keystone Concrete - Indianapolis, IN

August 2021 to November 2022

Execute concrete finishing tasks, including smoothing, leveling, and texturing surfaces, ensuring adherence to project specifications. I experienced in working with various concrete mixes and finishes, such as brooms, trowels, and stamped patterns. Therefore I had a passion for working with hands while gaining practical experience in concrete finishing. That wouldn't have been possible without my team members & I efficiently completing projects within deadlines & maintaining a focus on safety and quality. With that being said my skilled accomplishments on the daily basis were...

- Concrete surface finishing
- Understanding of concrete mixes and curing processes
- Attention to detail and precision in work
- I gained hands-on experience in concrete finishing techniques under the guidance of skilled professionals.

- Assisted in preparing surfaces, applying sealants, & troubleshooting issues to achieve optimal results
- Specialized in various finishing techniques such as broom, trowel, and stamped patterns, ensuring both durability and aesthetic appeal.
- Acquired knowledge on standards, safety protocols, and efficient teamwork.
- Developed a keen eye for detail & precision.
- Contributing to the success of various construction projects.

## **Hardscaper/Landscaper**

Precision Cut Lawn Service - Indianapolis, IN

September 2020 to June 2021

Various work alongside the landscaping; from mulching big business too laying sod, planting, & providing the lawn care my work expects.

Throughout the hardscape days I had. At one point I was laying outdoor pavement, from concrete too huge patio stones. I was touching base on every assignment we had from laying mortar down too finish assignments or Machine operating.

## **Forklift Operator/Order Puller**

Jack Laurie Group - Indianapolis, IN

June 2019 to July 2020

I'm a dedicated and skilled Forklift

Operator involved experience in a carpet vinyl warehouse. Proven ability to efficiently & safely operate forklifts to move, load, and unload materials. Adept at maintaining inventory accuracy and ensuring timely deliveries. My main focus was to operate forklift safety & stack carpet and vinyl rolls & dimensions within the warehouse. We Worked off the dock shipping & receiving material with both stand up & sit down forklift. Adhering to safety protocols & warehouse procedures. Furthermore ensuring too collaborate with warehouse team to fulfill orders and maintain inventory accuracy.

My main skills at Jack Laurie were too

- Executed precise forklift operations to move materials, contributing to a streamlined warehouse workflow.
- Assisted in organizing and managing inventory to enhance efficiency.
- Collaborated with team members to meet production and shipment deadlines.
- Proficient in operating various forklift models
- Strong attention to safety protocols
- Inventory management and tracking
- Team collaboration and communication
- Pallet jack operation
