I am a dedicated and friendly professional with a strong background in warehouse operations and retail management. My experience has taught me the importance of teamwork, attention to detail, and providing excellent customer service. I've enjoyed mentoring youth through the Big Brothers Big Sisters program and volunteering at local food banks, which has deepened my commitment to community support. I'm excited to find a new opportunity where I can contribute my skills, learn from others, and grow in a collaborative environment.

Work Experience

Customer Service

Amazon-Seattle, WA

October 2021 to October 2023

As a Corporate Security Specialist at Amazon, I support product managers and executives by ensuring they have what they need to operate securely and efficiently. I coordinate security protocols, manage access to sensitive areas, and provide timely information, all while fostering a safe and collaborative environment. One of my proudest achievements has been building strong relationships with the leadership team, making them genuinely happy to see me every day. I take pride in being a proactive problem-solver and a key contributor to our team's success.

Warehouse Associate

Amazon-Seattle, WA

October 2020 to April 2021

- Responsible for receiving, inspecting, and storing incoming shipments.
- Efficiently pick and pack customer orders for shipment while maintaining accuracy.
- Collaborate with team members to meet productivity goals and ensure a safe working environment.
