Order Fulfillment

The Home Depot-Greenfield, IN

November 2022 to November 2023

I picked online orders for customers as well as deliveries for customers assuring everything was picked on time and ready to go out as scheduled. I also worked with the customer service desk, cashing people out, processing returns as well as dealing with customer complaints.

Shift Manager

August 2021 to November 2022

I worked all around the store, both opening & closing the store, mainly specialized in training employees & the customer service side of things.
