Professional Experience

Warehouse Associate

GFS.

3/2022-4/2024

- Efficiently operated manual pallet jacks to transport products within the warehouse, ensuring timely and accurate deliveries to shelves and pick-up areas.
- Accurately stocked products on shelves, maintaining organization and proper labeling for easy access by warehouse staff.
- Assisted in inventory control by conducting regular stock counts and reconciling discrepancies.
- Followed safety guidelines when handling equipment and stocking products, minimizing accidents and improving warehouse operations.
- Worked with team members to fulfill large-scale order processing, consistently meeting deadlines and achieving productivity targets.
- Maintained a clean and organized workspace, ensuring materials and equipment were stored in designated areas.

Stock Associate

- Used pallet jacks to move stock from the backroom to the sales floor, ensuring inventory was available for customers during peak hours.
- Organized stock in the warehouse by category and size, maintaining accurate inventory levels for quick restocking during busy periods.
- Assisted with receiving shipments, unloading deliveries, and verifying product quality and quantities.
- Operated pallet jacks and other equipment to move heavy products safely and efficiently.
- Collaborated with team members to ensure merchandise was displayed properly and the customer shopping experience was seamless.
