

Dylan Price-Presslaff

4555 W. Woodyard Rd. Bloomington, IN 47404

PH: (812)585-5911

I am currently seeking a position where I can share my experience in manufacturing and production. My ideal position would allow me to provide exceptional work ethic and organizational skills to obtain a successful result and continue to grow.

EXPERIENCE

January 2024-Present

Warehouse/Forklift Operator, Tasus

- Load and unload incoming and outgoing trailers
- Scan parts and materials to maintain trackability and updated inventory count
- Safely use equipment to deliver required materials to the floor and move materials in the warehouse
- Fill gaylords with resin
- Communicate quality issues, complete required documentation, i.e. profile and daily material reports
- Maintain necessary compliance and complete new and updated trainings

October 2024-December 2024

Foam Press Operator, Tasus

- Retrieve and load conveyor belt with materials needed for assigned order
- Operate foam press within the allotted time and quality standards for each operation
- Create material tags to scan and log material used
- Communicate effectively with team members to maintain efficiency and accuracy

October 2023-March 2024

Receiver, KeHe Distributors

- Successfully and promptly unload trailers
- Verifying expiration dates and organizing accordingly
- Scanning items to determine appropriate placement of product
- Safely operate forklifts and pallet jacks to move materials

- Work closely with other team members to ensure workflow is smooth and effective
- Maintain compliance and complete updated trainings

March 2022-August 2023

Machinist, Boston Scientific

- Effectively operate molding machines
- Inspect machines to confirm functionality
- Conduct an audit of machine parts
- Keep close supervision on the machine while in use to certify safe and successful operations
- Maintain compliance and complete updated trainings

June 2017 to January 2022

Tile Installation Assistant, Vince Bollier Ceramic Tile

- Tear out and demolish of bathtubs and installed tile
- Mount tiles and maintain appropriate force to keep tiles in place
- Align tiles using straightedges and squares
- Measure installation site to determined size and shape of tiles needed
- Mix cement and mortar and washed surfaces for successful application
- Cut and scribed edges of tiles for proper fit

EDUCATION

Bloomington High School North, Bloomington, IN

2000-2004
